The Only Daily
in Rush County

The Daily Republican

WEATHER
Fair and not so cold to-
night and Tuesday.

ESTABLISHED AS A WEEKLY: THE WHIG 1840; THE REPUBLICAN, 1852. "The Newspaper Everybody in Rush County Will Eventually Read." CHANGED TO SEMI-WEEKLY MAY, 1902; DAILY MARCH, 1904.

Vol. 16, No. 288. Rushville, Indiana, Monday Evening, February 16, 1920. EIGHT PAGES TODAY

FIRST VICTIM OF INFLUENZA HERE

Miss Ella Adams, 18 Year Old,
Employee of Glove Factory, Dies
After Illness of Few Days

OTHER AND SISTER ARE ILL

On New Cases of Malady Re-
ported All Women and Girls
and Confined to 3 Families

Red Cross Asks For Help

The Red Cross committee in charge of relief for persons suffering with the influenza today made an appeal for help. Mrs. A. L. Stewart, who is in charge of the work, said that the committee would pay well for helpers to go to the aid of families where every member is afflicted. Mrs. Stewart says reports received by her indicate the epidemic is worse than the reports of physicians to the city board of health.

Miss Ella Adams, 18-year-old daughter of Mr. and Mrs. Hobe Adams, 236 East Ninth street, died yesterday afternoon after a few days illness with influenza. Miss Adams was taken ill last Wednesday and grew much worse yesterday morning, her death being caused directly from influenza, pneumonia not being developed.

Miss Adams is the first person in Rushville whose death has been caused by influenza. She was employed at the Rushville Glove factory. Mrs. Adams, her mother and her 15-year-old sister, are also ill but were reported better today. The deceased is survived by her mother and sister. The family formerly lived in the country but have lived in Rushville for about five years. The funeral services will be held tomorrow afternoon at 2 o'clock at the residence, by Rev. C. J. Bunnell and burial will take place in East Hill cemetery. Miss Adams was a member of the First Baptist church.

On the list of new influenza cases reported late Saturday and Sunday is the name of Miss Adams, who died yesterday. The report was issued the 13th, stating that it was pronounced influenza on the 12th of January.

The remaining cases, which are given in number, are all women or girls. The report which the physicians fill out contains the person's name, age and color, date when the infection was first pronounced, the patient's name and business, and if a school child, the name of the school in which the pupil attends. The seven new cases as reported are as follows: Minnie, Alma and Marie Ball, of the family of Lot H. Ball, whose address was not given; Mary L. Pettis, South Pearl street; Charles Pettis, South Pearl street; James Cohee, North Sexton street; and Nellie Cohee, North Sexton street.

No new cases of smallpox have developed in the family of Silas Clark, 1023 North Arthur street, although it was reported in the neighborhood that there were new cases.

RS. URSIA PREECE IS DEAD

Former Gowdy Woman Expires at
Home in Mooresville

Word has been received by relatives in Orange township of the death of Mrs. Ursia Preece, which occurred Saturday morning at her home in Mooresville, Ind. The cause of her death was influenza. The deceased was 34 years of age and was the daughter of Mr. and Mrs. W. Waggoner of Shelbyville. Mrs. Preece was a former resident of Gowdy and was well known there. She leaves a husband and eight children. The private funeral services were conducted at Blue Ridge this afternoon.

GOWDY TEACHER SICK

William Ward, of Orange township, is seriously ill with the influenza. Mr. Ward is a teacher in the Gowdy schools.

Indiana State Library "ER PHONE

Dr. J. C. Sexton Advises Operation
On His Daughter

Dr. J. C. Sexton left yesterday morning for Ft. Smith, Ark., being called there on account of the illness of his daughter Mrs. D. C. Green. Saturday night about seven-thirty Dr. and Mrs. Sexton were called over the telephone from Ft. Smith and told that their daughter was taken seriously ill with acute appendicitis and Dr. Sexton held a consultation over the phone with the surgeons there and an operation was performed immediately afterwards. A message yesterday afternoon stated that Mrs. Green was getting along nicely and her recovery is expected soon, unless complications arise, and Dr. Sexton made the trip so that he could be present in case anything serious developed.

Mrs. Sexton was unable to accompany her husband because of the illness of her mother, Mrs. Frances Cullen who is in poor health.

QUOTA IN ARMENIAN CAMPAIGN ASSURED

Rush County is Only Six Short of
Allotment of Orphans, Chair-
man Frazee Reports

UNION MEETING AT MILROY

Rush county's quota in the "support an orphan" campaign is assured by the report today from Walter E. Frazee, county chairman, which shows enough money subscribed to provide sustenance for seventy-seven Armenian children for a year.

The last report accounted for sixty-two orphans and since that time pledges have been made which increase the total by fifteen. Eight of these will be taken care of by Anderson township, which last night at a union meeting of the churches of Milroy, held at the high school auditorium, voted \$480 out of the township War Chest to meet the appeal. The Milroy meeting was addressed by the Rev. L. E. Brown, pastor of the Main Street Christian church and Mr. Frazee.

Washington township has reported its quota of five orphans taken and the Center Christian church has sent word that money has been raised there to care for two orphans for a year. Other townships which have not reported are at work and will be ready to report within a few days. It is hoped that the campaign may be closed this month.

SUNDAY NIGHT SECOND COLDEST OF WINTER

Temperature Drops to Five Below
Zero But Warmer Weather is
Predicted For Tonight

FEW COLD DAYS IN FEBRUARY

Last night was the second coldest night of the winter, as recorded by the county weather observer, Elwood Kirkwood, the temperature in the night falling to 5 degrees below zero. The previous night the lowest record was 3 below. One other time this winter has the mercury gone below that mark, on that occasion falling to 9 below.

The month so far, however, holds an average for February, according to Mr. Kirkwood. In each February there are as a rule some cold days and some warm ones which equalize the temperatures. According to the records kept by Mr. Kirkwood, some of the coldest weather in the history has occurred in February.

The coldest for February was the 13th in 1899, when the mercury went to 25 below, on the 20th and 21st of February in 1885 it was 22 below and in 1895 on the 8th it was 16 below. These are the record temperatures for February.

The weather report promises rising temperature for tonight and tomorrow.

REPUBLICANS ARE GRATIFIED BY ACT

Local Friends of Senator Watson
Feel Sure of His Nomination With
Beveridge Out of Race

RUMOR HAS BEEN CURRENT.

Former Senator Says He Has Inter-
ests of Party at Heart in Not
Being a Candidate

Rush county republicans were elated by the announcement that Former Senator Albert J. Beveridge had definitely decided not to enter the primary as a candidate for the republican nomination for United States senator from Indiana, in opposition to Senator James E. Watson, who announced some time ago that he would be a candidate again, when asked to choose between running for the presidential nomination and the senate.

Local friends of Senator Watson first heard the rumor that the former senator might enter the race, at the annual banquet of the Indiana Republican Editorial association in Indianapolis last month. Ever since then they have feared that a contest might jeopardize the chances of the Rushville man in the primary. Mr. Beveridge, however, sets at rest all rumors that he may be a candidate by stating flatly that he will not seek the senatorial nomination and practically says that he came to this conclusion in the interests of party harmony.

Senator Watson, in common with Senator New and Indiana congressmen, gave out a statement in Washington praising the decision of Former Senator Beveridge not to enter the race. Republican leaders in Indiana also lauded the action of the former Indiana senator.

This is expected to leave the field free to Senator Watson so that he will be nominated on the republican ticket without a contest. He will have served four years in the United States Senate at the end of his term, having been elected to fill out the unexpired term of Benjamin F. Shively of South Bend, who died while in office.

In the following language Mr. Beveridge, after announcing he will not be a candidate, sets forth his reasons:

"The country is entering one of the gravest periods in the memory of living men, and it will tax to the utmost the ability and character of the American people to pass through that period safely. In common with many others I feel that the Republican party, reunited and rejuvenated, is the best agency through which the great tasks of the critical years ahead can be performed; and

SAYS PRES. WILSON SHOULD QUIT OFFICE

Professor of Surgery in Rush Medical College Says His Ailment
is Incurable

LEFT SIDE IS PARALYZED

(By United Press.)
Chicago, Ill., Feb. 16.—President Wilson because of his illness should retire from office now," under the advice of his physician, family and friends, Dr. Arthur Dean Bevan, former president of the American Medical association and professor of surgery at the Rush Medical college, stated today.

In a statement based on the known facts of the president's illness, Dr. Bevan said the president's stroke which resulted in paralyzing one side of his body, is due to disease of an artery of his brain, with a plugging up of the artery, which supplies that part of the right side of the brain which controls the left arm and leg.

The disease of the artery is not a temporary but a permanent disease, the doctor said, and therefore the president should retire from his office.

ASSESSORS WILL BE INSTRUCTED

Earl Priest, County Assessor, Notifies
All Township Workers of
Meeting Here Feb. 24

WORK WILL START MARCH 1

Philip Zoercher, Member State
Board, Will Tell Assessors What
State Expects This Year

The township assessors have been called here for a meeting February 24 by the county assessor, Earl Priest, when plans for the coming assessing season, which begins March 1, will be discussed and the assessors and their deputies given some instructions.

The meeting will be held in the office of the county assessor in the court house and Philip Zoercher, member of the state tax board will be here at one o'clock to confer with the assessors and point out what the state board expects this year.

Mr. Priest has sent out notices to all of the township assessors and their deputies and hopes that all of them will attend the meeting because it will be the only meeting before the work of assessing begins.

The assessors this year are likely to be kept on the go the full sixty days allotted to the assessing season in order to canvas the entire county. The work this year will require more time because of the change in the personal assessment sheets. The assessors will be required to list separately every article of household furniture and farming implements, instead of listing these articles of personal property in a lump sum.

Considerable dissatisfaction has been heard regarding this method of assessing from property owners. For the most part they object to the question providing for giving the assessor the amount of fire insurance carried on the household furniture. Some men have even gone so far as to declare they will refuse to tell the assessor the amount of fire insurance carried, holding that this is confidential information between themselves and the fire insurance company. If the question is not answered the taxpayer will have an opportunity to appear under oath before the board of review and there will be a way of obtaining the desired information, it was pointed out.

The assessors this year are not expected to have as much trouble as last year in determining the true cash value of articles listed for taxation. The law was new last year and it is expected to work smoother this spring as far as the actual work of assessing is concerned.

ACTS FAVORABLY ON CEMENT ROAD PETITION

Council Votes For Construction of
Improved Highway From Here to
Shelby County Line

ALSO APPROPRIATES \$3,000

The county council, before adjourning Saturday afternoon, acted favorably on the petition for the construction of a cement road on the Indianapolis pike between Rushville and the Shelby county line west of here. No further action will be taken in the matter for ten days because, according to the law, nothing can be done until the time for remonstrances has passed. The next step will likely be the petitioning of the state board of tax commissioners for permission to issue bonds to pay for the improvement. It is estimated that the road will cost in excess of \$200,000.

The county council, while in session to pass on the road, also appropriated \$1,500 for engineering and viewing work on roads, and a like sum to pay the expenses of the county agricultural agent for 1920. This appropriation was held up at the regular meeting of the council last year when appropriations for this year were made.

GO OVER AN EMBANKMENT

Four Rushville Men Narrowly Es-
cape Injury Saturday Afternoon

Slack roads caused an automobile accident Saturday afternoon in which four Rushville men narrowly escaped serious injury, two of them receiving painful cuts on the face and head. The machine was driven by Frank Catt and the occupants were Lote Carter, Charles Green and Earl Moore. The machine was traveling on the Brookville pike, near that city, when it left the road going over an embankment probably 25 feet deep. Mr. Carter and Mr. Green both received cuts on their head, and Mr. Carter's injury necessitated five stitches to close the wound.

The machine was badly damaged and the occupants consider themselves fortunate in escaping without serious injuries.

FIRST EVANGELISTIC SERVICES ARE HELD

In Spite of Unfavorable Weather,
Sunday is Encouraging Day
at First Presbyterian Church

MR. & MRS. A. D. GEORGE HERE

Yesterday at the First Presbyterian church, in spite of conditions that could not help but seriously interfere with the openings of the special meetings, was an encouraging day. Mr. and Mrs. A. D. George in charge of the music, proved themselves eminently capable of handling their work, and it is an assured fact that the musical phase of the meetings is going to be a great drawing card.

The pastor's messages, both morning and evening, were largely addressed to the members of the church, emphasizing the thoughts that the work being undertaken had back of it the divine authority of Christ, and presented an open door of opportunity and responsibility which the church might refuse to enter, but entering could not help reaping definite results.

The message this evening will be along a rather exceptional line, the subject being, "A Different View of Sin." The song service will begin promptly at 7:30.

CRIMINAL CASES MAY NOW COME TO TRIAL

With Prosecutor Stevens Recovered
From Influenza, State Cases
Likely to be Tried

DAMAGE SUIT IS HEARD TODAY

With Prosecutor A. C. Stevens recovered from influenza, many criminal cases will probably be tried in the near future in circuit court. Judge Sparks today heard the evidence in the case of Warren P. Elder against James P. Kelso, which was a suit for damages, demanding \$368 which Elder maintains is due him as commission on a land sale. The case was taken under advisement by the court.

Fred Hilligoss was denied a new trial after filing a petition several weeks ago asking that his case against Horrie Brooks and others to set aside a deed, be retried. The jury before returned a verdict for the defendants.

Evidence on a motion filed by Floyd Cross asking that the court set aside an order for an allowance for Vallie Cross, was submitted and taken under advisement. The court in December awarded Mrs. Cross \$7.50 a week and in January reduced the allowance to \$5.00 a week. The defendant, Floyd Cross, then filed a petition to set aside the allowance.

WEATHER FOR THE WEEK

Washington, Feb. 16.—Generally fair weather with rising temperature is indicated for the first half of the week in the Ohio valley. The temperature will be above normal the last half of the week.

WILSON THREAT HAS NO EFFECT

France-British Reply in Adriatic
Dispute Is That Ultimatum
Will be Carried Out

REGARDLESS OF U. S. STARD

President Reiterates America Will
Withdraw From Policing of
Adriatic Territories

(By United Press.)

Washington, Feb. 26.—President Wilson in a note to the British and French foreign offices, has reiterated his original stand on the Flume and Adriatic question, it was announced at the White House today.

It was understood that the note informed the British and French that if they hold to the settlement outlined in an ultimatum to the Jugo-Slavs, the United States will withdraw from policing the Adriatic territories.

Paris, Feb. 16.—The Franco-British reply to President Wilson's note threatening American withdrawal from policing the Adriatic territory if the allies persist in their proposed settlement of the Adriatic dispute without American consent, declared Great Britain and France will be obliged to carry out the terms of the ultimatum submitted to the Jugo-Slavs January 20, it was learned today.

Jugo-Slavia either must accept the solution offered by Great Britain and France or they will support Italy in carrying out the pact of London, the note said.

Premier Millerand in an interview today admitted that President Wilson's intervention in the Adriatic question had again delayed solution of that problem.

"The reply to his note which the Big-Three have drawn up, will be submitted to him through the American ambassadors in London and Paris, Millerand said.

"While it is necessary to maintain secrecy regarding the contents of this document until President Wilson receives it, nevertheless it may be understood that further delay before we reach a solution is inevitable.

"The conversations in London were marked especially by the mutual desire of France and England for the closest relations."

TREATY CALLED UP

Washington, Feb. 16.—Senator Lodge called up the peace treaty in the senate today and at once moved that the senate take up his proposed amendment of the reservation relating to withdrawal from the league of nations.

LINERS AUCTIONED

Washington, Feb. 16.—Bidding in millions, George Goethals and P. Franklin engaged in a spirited contest for five of the ex-German liners, auction of which started by the shipping board here today. The first bid was ten million.

THROWS TWO HATS IN RING

Indianapolis, Ind., Feb. 16.—The Indiana Daily Times today virtually announced the candidacy of William G. McAdoo for the democratic presidential nomination and Thomas Taggart for Indiana senatorial nomination on the democratic ticket.

WILL MEET AT COURT HOUSE

Rushville Township Farmers to
Close Fertilizer Orders

Another meeting of the Rushville Township Farmers' association to accommodate members who could not attend the meeting at the Webb school house last Friday night, will be held at the court house assembly room Wednesday evening when more orders will be taken for fertilizer. It is expected that this will be the last opportunity for Rushville township farmers to get in on the collective buying.

Other matters will also be discussed, it was announced, including propositions to buy binder twine and manage collectively.

ORDERS FAVORABLE REPORT

Washington, Feb. 16—The senate agriculture committee has ordered a favorable report on the new Kenyon-Kendrick bill to regulate meat packing industries.

LEGAL FIGHT OF FAIR SECRETARY STARTS

O. P. Hendershot Charged With the Murder of Michael Morris of Philadelphia

GETS SPECIAL ATTORNEYS.

Boise, Ida., Feb. 16—Promise was given of a severe legal battle when the manslaughter trial of O. P. Hendershot, secretary of the state fair, opened today. Hendershot, it is charged, struck the blow that resulted in the death of Michael Morris, 36, of Philadelphia, Pa.

The defense has employed Judge H. I. Perky, former U. S. senator, as its chief counsel. The state has employed special attorneys to assist in the prosecution.

When Morris, who held a "Hula Hula" concession at the state fair, refused to admit a member of the fair grounds police free of charge to his show, Hendershot, it is charged, struck him following a heated argument, knocking him from a small stand. Morris died 8 days later.

An autopsy disclosed that Morris died from the effects of a blow, and that death was directly due to blood clot on the brain. The doctors, however, found that Morris was diseased, and that the blood vessels of his brain were weakened.

LAND OPENED IN UTAH

Salt Lake City, Feb. 14—Land in Utah comprising 235 sections, or 94,680 acres, was thrown open to entry to-day by the government.

The action was taken under the homestead law passed in 1916. The theory was that stock raising in western states will be given impetus by settlement of this vast territory. One family, it is believed, can make a good livelihood on one section.

The land is not suitable for general farming. To avoid disillusionment, the government insists that the entryman must have personal knowledge of such acreage as he seeks to enter.

ILL OF INFLUENZA

Word has been received here by relatives that Henry Andrews is seriously ill at his home in Ault, Colorado, with the influenza and pneumonia. Mr. Andrews recently returned to his home after a visit with his parents, Mr. and Mrs. William E. Andrews of Arlington.

HACKLEMAN FUNERAL

The funeral services of Frank Hackleman, who died Saturday morning at his home in Bentonville, will be held tomorrow morning at the Bentonville church and burial will take place in the Fairview cemetery.

KNIGHT TEMPLAR MEETING

Rushville Commandery No. 49 K. T. will have a called meeting Wednesday evening at 7:30 to confer the Temple degree. Sir Knights are requested to be present promptly.

MINING ENGINEERS MEET

122nd Meeting Opens Today With Important Business

(By United Press.)
New York, Feb. 16.—Mine taxation and an equitable arrangement between mine owners and the government were to be chief topics for discussion at the 122nd meeting of the American Institute of Mining and Metallurgical Engineers opening here today.

It was expected one of the results of the meeting would be to settle the basis of taxation, which has been in the air since 1917, allowing \$200,000,000 in back taxes to remain unpaid.

BROTHER-IN-LAW DIES

William M. Bainbridge has been called to Indianapolis on account of the death of his brother-in-law George E. Mills, who died Sunday afternoon.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.
And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain. Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds on the chest. Nothing like Musterole for croupy children. Keep it handy for instant use. 30c and 60c jars; hospital size \$2.50.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished.

It's really no joke for people who don't know about this simple recipe to be constantly sniffing and snuffling, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

is the dentifrice that contains the properties recommended as ideal by United States Army Dental Surgeons

Catarrh is a Real Enemy and Requires Vigorous Treatment

When you use medicated sprays, atomizers and douches for your Catarrh, you may succeed in un-stopping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again.

Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment? Throw these makeshift remedies to the winds, and get on the right treatment. Get a bottle of S. S. today, and commence a treatment that has been praised by sufferers for nearly half a century.

S. S. S. gets right at the source of Catarrh, and forces from it blood the germs which cause the disease. For special medical advice free regarding your own case, address Medical Director, 51 Sw. Laboratory, Atlanta, Ga.

Pigs Get Worms Very Young

The time to commence feeding ACME WORM BOUNCER is from the time they are old enough to eat. Feed from birth to maturity. It will only take a few cents worth to do it, and as "an ounce of prevention is worth a pound of cure," it certainly pays to start the pig off right, and if you do so you can keep him right. Worms are persistent pests and they must be fought continuously. There is more money in keeping your pigs free of worms than to let them get worms and then expel them.

—Miss Margaret Holbrook of Connersville visited friends and relatives in this city yesterday.

—Mr. and Mrs. George Helm have returned to their home in this city, after a ten days' visit in Martinsville, Ind.

—Lawrence Cameron returned this morning to his home in Indianapolis, after spending the week-end with relatives here.

—Mrs. William Couch and daughter Grace spent Saturday at Beech Grove, visiting her daughter, Sister Mary Silas at the St. Francis Hospital, who recently underwent an operation.

—Cyril Caron returned to Lafayette, Ind., yesterday, where he is a student in Purdue University, after spending the week-end in this city as the guest of his parents, Mr. and Mrs. Charles Caron.

—Miss Marie Perkins visited the Misses Anna Glaska and Beatrice Denner of Indianapolis yesterday. In the afternoon they visited Sister Mary Silas of Beech Grove, who recently underwent an operation.

—Mrs. Laura Bell Boyd and two children of Los Angeles, Cal., were here for a visit with her parents, Mr. and Mrs. E. O. Houchins of this city.

—Mr. and Mrs. Frank Megee are visiting Mrs. Megee's relatives at Cynthiana, Kentucky.

—Harry Hackman of Dayton, O., formerly of this city, was the week-end guest of Miss Margaret Walters of Clarksburg.

CALL BY FATHER'S DEATH

Mrs. Mat Richardson left this morning for Westport, Ind., where she was called on account of the death of her father, Henry Evans. Mr. Evans was known in this city. He was fifty-five years of age and death was caused by paralysis. Word has not been received yet of the funeral arrangements.

TO WORK IN INDIANAPOLIS

Miss Emmaline Walters has resigned her position at the 99 Cent store and has accepted a position in Wasson's store in Indianapolis. Miss Mildred Walters also has resigned her position at the Glove Factory, and has accepted a similar position at the Indianapolis Glove Factory. The Misses Walters left yesterday for Indianapolis, where they will make their future home.

WORK IN E. A. DEGREE

Phoenix Lodge, No. 62, F. & A. M. degree Tuesday evening at 7:30 o'clock. Visiting Masons will be welcome.

The FRANKLIN SEDAN

The most constructive element in the automobile world today is the Franklin Sedan. It is revolutionizing car manufacturers' claims on one hand and car buyers' demands on the other.

- For eighteen years Franklin Cars have been light and flexibly built instead of heavy and rigid.
- They have been giving comfort instead of riding strain.
- They have been economical instead of wasteful.
- They have been free for all-year use instead of restricted to seasons.
- They have been direct air cooled instead of indirectly air cooled with water.
- They have been dependable in summer instead of prone to boil.
- They have been safe in winter instead of liable to freeze.

For the past five years these differences have been emphasized in particular by the Franklin Sedan—the first enclosed car, and the only one today, to afford greater road range than the average open car.

Its ability to cover distances in a day without exhausting its driver and passengers—a revelation to the owners of ordinary cars; its disregard for road conditions at every season of the year; its indifference to temperature; all unite with its exclusive Sedan features to give the Franklin Sedan the fastest growing sale of any fine enclosed car.

The Franklin Sedan is distinguished by its Wide Observation Windows giving unobstructed outlook, two Wide Doors

increasing riding view and making access easy, the Slanting V-Shaped Windshield giving broadest driving vision, the Sloping French-style Hood.

With the Franklin it is easy to convince those who know other cars. Their previous experience makes them quick to grasp the differences in Franklin performance which make possible—

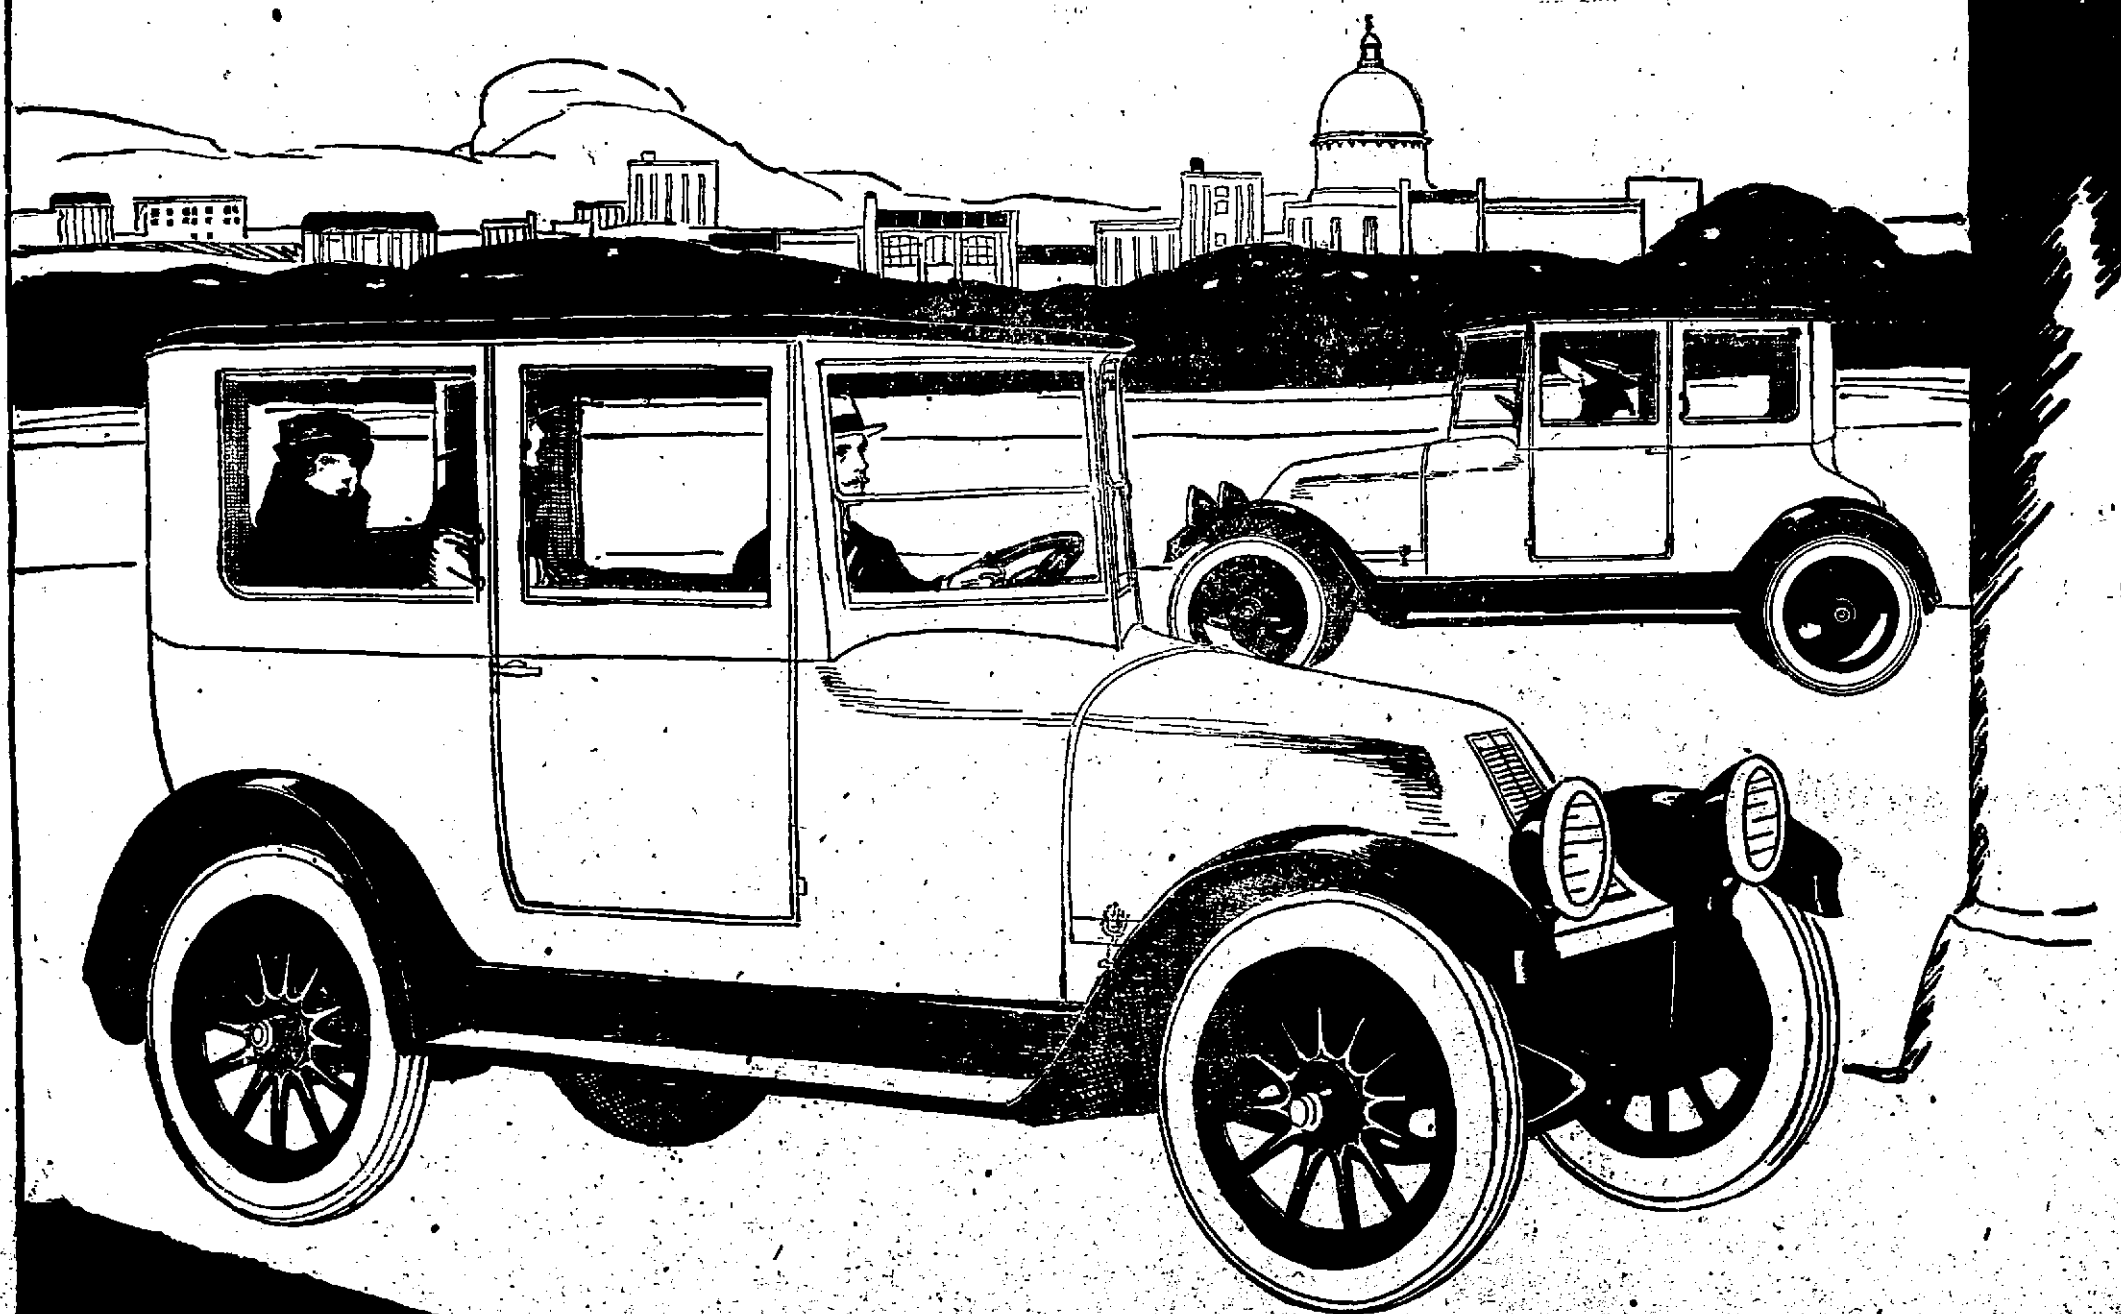

20 miles to the gallon of gasoline
12,500 miles to the set of tires
50% slower yearly depreciation

The more skeptical, experienced and hard-headed you are on what a motor car can do, the more pleased we will be to give you a Franklin demonstration over any road you say.

We are authorized to announce the name of W. B. Jinnett of Rushville township, as a candidate for Representative from Rush county in the Indiana state legislature, subject to the Republican primary election on May 4, 1920.

Figures made public by the department of commerce show that during 1919 our exports to Germany reached a total value of \$92,761,314, and our imports from that country totaled \$10,624,229. All this in spite of the dire predictions that our commerce with Germany could not be resumed until the peace treaty was ratified.

The Farmer and His Roads

Periodically we hear some one remark that the farmer should keep the roads adjoining his property in good condition—or that the county should do thus and so.

Generally these remarks come from some passing motorist, who himself is cutting the road up with his heavy car.

Manifestly, good roads are an aid to every farmer, as they are to every one who uses them.

Unquestionably the state and county should take every means of keeping the roads in proper condition. Improvements should be made and repairs should be kept up. We should rejoice to see every foot of roadway in this county a veritable boulevard.

But why hang it onto the farmer so insistently, when as a matter of fact the farmer is only a minor consideration in the constant destruction of the road?

There was no great public outcry for road improvement until the automobile came into vogue. But now that the automobile has ceased to be a luxury for the few and has come into general use, especially in the centers of population, everybody seems to think the farmer ought to do more work on his roads. No one seems to consider that the car owner, who uses the roads for his pleasure, and destroys them in the using, should be required to contribute his share to the expense.

Automobiles do more to destroy country roads than all other agencies combined. They should bear their proportionate share of the cost of maintenance.

There is a state tax on automobiles. But what becomes of that tax? Have you noticed any of it put to good use on the roads in this community? And yet automobiles from every part of the country are tearing our roads to pieces three hundred and sixty-five days in the year.

We believe in good roads, but we also believe in the doctrine of the square deal.

If the motorists complain of the condition of our roads, let the state

Says Housework Is Easier Now Than For Year

Vola - Tonic Brought Strength and Made Her Health Better All Over.

Over a year ago Mrs. Mary Mullin, 725 West Ninth street, Cincinnati, O., started going down in health.

She finally got so that she was troubled with indigestion and constipation and couldn't sleep right at night and her housework became a burden.

Recently Mrs. Mullin started taking Vola-Tonic, "Builder of Strength."

"I feel better since taking Vola-Tonic than for a year and my housework is easy now," Mrs. Mullin said after taking Vola-Tonic a short time.

"I really noticed that my health was getting poorer five years ago, but, the past year, it has gotten worse rapidly."

"I was troubled with indigestion and constipation. Nothing I ate agreed with me but caused gas to form on my stomach which resulted in pains and a pressing against my chest. I was so badly constipated that I had to take laxatives all the time."

"My sleep was broken every night too. It was impossible for me to get through a night without waking frequently and, of course, I didn't get much rest."

"As I said, I feel better now than for a year. Vola-Tonic has completely banished the indigestion and constipation. Food agrees with me now and the gas on my stomach and pressing pains are gone. My bowels are regular also. I never have to take laxatives."

"Vola-Tonic also has enabled me to sleep soundly nights and get proper rest. I never wake up from the time I go to bed until morning and then I arise refreshed."

"I am stronger and better than for a year and my housework is easier than it has been in that length of time."

"I can recommend Vola-Tonic highly because of the good it has done me."

Vola-Tonic, "Builder of Strength," has an invigorating effect on the entire system and builds up new strength and better health.

Vola-Tonic is being specially introduced in Rushville at Frank E. Wolcott's. (Adv.)

Sap and Salt

By BERT MOSES

Nothing goes any more unless it is big.

The more you cut down the gab, the fewer the chances to lie.

It makes us awful sore at a man when we discover that he is smarter than we are.

Hez Heck says: "You have more fun going after something than you have when you get it."

When a policeman comes toward the front door, we wonder if we have been found out at last.

What we need in every avenue of human endeavor is a bit more quality and a marked reduction of quantity.

hand over a fair share of the tax on cars and we'll put those roads in the pink of condition.

Or we strongly suspect that the farmers would be perfectly willing to keep the roads in repair themselves if they were allowed to charge a small head tax on every motorist who passed over them.

Some of these days there will be a county tax on automobiles, with every car required to display the county license in plain view while in the county. Then the burden of maintenance will fall at least where it belongs.

The senate soon will be put in possession of complete information as to outstanding foreign loans made by the treasury. Under a resolution recently passed the Secretary of the Treasury is asked to give a description and copies of the obligations entered into by each country for cash advances from the United States, the rate of interest agreed to be paid, the amount of interest which will be due for the fiscal year 1920, the amount of interest now due, and the interest which each country has paid to date.

Whisper it softly, but come quickly! We have a little "something" stowed away in our sanctum which we dole out sparingly on occasion to our convivial but thirsty friends—good, cool, sparkling water. Have one?

Latest reports from abroad indicate that the league of nations is still the league of nations.

Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

A Virginian who served two years abroad as surgeon and major and who, by twist of fortune, was usually near some negro troops says that he discovered, after considerable thought, just why the negro troops were sent abroad. He states that they were sent abroad for his amusement. A squatty private, of complexion ebony, battled with a bulky stove at headquarters for many mornings. The negro held lengthy conversations with it. One morning he heard him say:

"Old Man Stove, listen yeah to me! Ah done coax you an' Ah done tease you molnin' after molnin'. You all jess don't respond laik a gentlemen stove. Someday, after this dog-gone war is over, Ah gwine meet you in Birmingham, Alabama, an' when Ah does, Ah gwine bust you right in the mouf."

TAXES "CLEAN" GERMANS

Berlin, (By Mail)—Dr. Felix Pinner, Tageblatt financial expert, estimates that many of Germany's millionaires will be nearer the pauper than the millionaire class, when the new German taxes are installed. Between income taxes, business taxes, inheritance taxes, war profit taxes and other varieties too numerous to mention, the millionaire is going to give up a third or more of his wealth. As for leaving it to his children, the tax collector also attends to that, tacking on a heavy inheritance tax.

2,000 ARMENIANS MURDERED

London, Feb. 26—More than 2,000 Armenians were murdered in a recent attack by Turkish nationalists in Asiatic Turkey, according to a telegram to the Armenian delegations from Constantinople. About the same time, February 1, the telegram said, two Americans, general secretary of the international Y. M. C. A. and his assistant, were murdered.

No gold has been coined in England since October, 1917.

MANY LIKE THIS IN RUSHVILLE

Similar Cases Being Published in Each Issue.

The following case is but one of many occurring daily in Rushville. It is an easy matter to verify it. You cannot ask for better proof.

A. M. Younger, retired farmer, 828 W. Tenth St., Rushville, says: "I have been using Doan's Kidney Pills off and on for about ten years and they have done me good. When a man gets as old as I he is apt to have more or less trouble with his kidneys. At times I have had a dull ache across the small of my back and my back has been weak and lame. Then the kidney secretions have been too frequent in passage, causing me to get up at night. Every time I have been that way, I have bought a box of Doan's Kidney Pills at Johnson's Drug Store and they have never failed to relieve me in a short time."

Price 60c, at all dealers. Don't simply kick for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Younger had. Foster-McClellan Co., Mfgs., Buffalo, N. Y. Adv.

ALMOST IMPOSSIBLE TO SUPPLY ENORMOUS DEMAND FOR TANLAC

Although Huge Laboratories Turn Out 36,000 Bottles Daily Thousands of Dealers Cannot Be Supplied.

40 CARLOADS SOLD IN JANUARY ALONE

After Shipping 838,400 Bottles of Celebrated Medicine In One Month Factory Is Still 380,000 Behind With Orders.

Although the big Tanlac laboratories at Dayton, Ohio, and Walkerville, Canada, have been running at top speed for months, it has been a physical impossibility to supply the phenomenal and ever increasing demand for this celebrated medicine.

During the first ten weeks of last year One Million Three Hundred and twenty-seven thousand bottles of Tanlac were sold, breaking all world's record for the sale of proprietary medicines up to that time. This record now pales into insignificance, however, as orders received during January alone of this year reached the astonishing total of One Million Two Hundred and Twenty Thousand bottles, showing an increase of approximately one hundred per cent. over the corresponding period of 1919.

To say that Tanlac now has the largest sale of any medicine of its kind in the world expresses it mildly. It does not begin to tell the story—for no other preparation has ever even approached the marvelous record that is now being made by Tanlac; and it is now conservatively estimated that the sales for the present year alone will amount to from seven to ten million bottles.

Of the orders received during January it was possible to ship only eight hundred and thirty-eight thousand bottles, and thousands of dealers scattered throughout the United States and Canada have been unable to obtain the medicine for weeks.

"Phenomenal and bewildering" is the way one of the big drug jobbers of the country describes the marvelous demand for Tanlac.

"We know that the day of miracles has passed, and we all know that there are no unfathomable mysteries in the drug business, but this Tanlac proposition smacks of both," writes another leading wholesale druggist, whose firm has sold over 34 car loads, or an average of nearly one car load per month since they began handling Tanlac a few years ago. Thousands of similar letters and telegrams have been received, but for lack of space they can only be referred to briefly.

Most proprietary medicines are sold by the dozen or by the gross; a few are bought by the trade in quantities of from ten to twenty gross; a very few are sold by the car load, and then only to the largest jobbers, covering extensive territories. The fact therefore that scores of jobbers in this country and Canada have a demand sufficient to justify them in ordering not one car load, but from two to three car loads of Tanlac at a time makes Tanlac's pre-eminence

in the field of medicine all the more noteworthy. It is the biggest thing of its kind in the world and nothing like it has ever happened in the drug trade before.

Think of one retail firm selling one-third of a million bottles of any one medicine right over the counter direct to consumers in only two years' time! It seems incredible, but such is the record made by the Owl Drug Company, through their retail stores on the Pacific Coast.

Think of one retail firm in a single city of 200,000 population selling approximately eighty-eight thousand bottles, an average of over two bottles for every family, in only four years' time. Such is the record of the Jacobs' Pharmacy Company, of Atlanta.

Think of one retail firm giving a single order for an entire car load, twenty-three thousand and forty bottles and agreeing to pay cash for the goods promptly on arrival. Such an order has been received from the Lewis K. Liggett Company, of Winnipeg, Canada.

Another big Canadian retail firm, G. Tamblin, Limited, Toronto, Canada, recently gave their order for one hundred gross, amounting to \$10,800.00.

Orders from retailers for from fifty to seventy-five gross are not uncommon, and practically all of the leading retail firms buy Tanlac in from ten to twenty-five gross lots to supply their normal demands.

When the magnificent new laboratories at Dayton, Ohio, and Walkerville, Canada, with a combined floor space of seventy-thousand square feet and a combined capacity of thirty-six thousand bottles were completed, it was thought that the production would be sufficient to supply the demand for years to come. It is now apparent, however, that additional facilities must be provided if the supply is to keep pace with the demand. And this is true in spite of the fact that there are now on the market from fifty to one hundred preparations claiming similar therapeutic value.

Tanlac has now been on the market for five years. It has stood the acid test of time. It is known and honored in every city, town, village and hamlet on the American Continent from Key West, Florida, to the Northern wilds of Canada, where even the Indians and Fur Traders have learned of its wonderful powers as a medicine.

Its enormous and ever-increasing popularity is the one great outstanding proof of its wonderful merit. No medicine, no matter how extensively advertised, could sell and continue to sell and establish new world's records year after year, if it did not produce actual and positive results. Tanlac is composed of the most beneficial roots and herbs known to the scientific world. The formula conforms with all National and State Pure Food and Health Laws of both the United States and Canada, and although Tanlac's claims for superiority are abundantly supported by leading authorities, it is the people themselves who have made Tanlac what it is. Millions upon millions have used it and have told other millions what it has done for them.

That is why Tanlac has become the real sensation of the drug trade all over America.

Tanlac is sold in Rushville by F. B. Johnson & Co.; in Milroy by Dallas Copper; in Manila by Geo. J. Inlow; and Arlington by Mrs. L. T. Davis.—(Adv.)

MANY STATE BANKS BACK CLUB WORK

64 Banks in 35 Counties Have Purchased Either Pigs, Calves or Sheep For Clubs

SOME SUPPLY PRIZE MONEY

Mr. Shanklin Says He Believes in Next Few Years Work Will be Extended to Other States

Lafayette, Ind., Feb. 14.—Sixty-four banks in 35 Indiana counties during the past year purchased either pigs, calves or sheep for members of the boys' and girls' clubs and financed the members in their initial livestock ventures, according to figures obtained recently by F. M. Shanklin, who has charge of the livestock club work in the state. Replies were obtained from 59 of the 92 counties and it is thought that this total of 64 would be boosted considerably if information were obtainable from the other counties.

Seventy-four banks, 24 of which are included in the original 64 previously named, are supplying in part or all the prize money for some form of boys' and girls' club work, such as corn growing, potato production, poultry raising, etc. These prizes range from a few dollars to several hundred.

In nine counties of the state organizations of the bankers have been perfected for the purpose of supporting club work and the financial responsibility for the clubs. In several more counties, all the banks are supporting club work, although they have no bankers' organization. Only six counties of the state have no banks that are aiding in club work in some way or other.

"Bankers generally are showing a strong tendency to support boys' and girls' club work, because they realize that the better farmers the youngsters make when they grow up, the more prosperous will be the community and the more business for the bank," said Mr. Shanklin. "The liberal policies of the banks enables the club members to obtain credit for the purchase of certified seed, registered pigs, calves, etc., and furnishes opportunity for real agricultural progress. Most of the bankers see a really big opportunity to do something for the boys and girls of their community and I believe the next few years will see a great extension of this sort of work not only in Indiana, but in other states as well."

Amusements

Theda Bara at the Princess Tonight

If you saw Theda Bara in "Salome" or "Cleopatra" you surely will want to see her in her latest super-production, "A Woman There Was", which will be shown tonight at the Princess theater. The Fox star's great acting in the roll of a semi-savage South Sea Island Princess is unrivaled by any of her previous pictures.

Miss Bara in this photoplay has unlimited latitude to display her wonderful emotional power, and she takes full advantage of the opportunity.

In addition to the Theda Bara picture a Burton Holmes Travel picture will be shown. Tomorrow Bert Lytell and Naomi Childers will be seen in "Blind Man's Eyes".

Bessie Barriscale at Mystic
The Mystic offers a double program today with Bessie Barriscale in "All of a Sudden Norma" and a Century comedy, "A Lion in the House."

Tomorrow June Elvidge comes in "The Woman of Lies" which offers her a role well suited to her versatility. She has a semi-vampire role appearing as a young girl who has been driven from her home town by malicious lies and who sets out to be revenged, eventually by her own lying, entrapping and ruining the man whose untruths were the cause of all her trouble. Only Miss Elvidge's wonderful creation of the role of Olive Sherman keeps the audience with her all the time.

Earl Metcalfe, who plays the role of the hero in this picture, is a well remembered favorite for this work in "The Battler," in which he was starred with Virginia Hammond.

STEADY STREAM OF NEGROES GO TO N. Y.

According to Figures, Five Hundred Immigrants From the South Enter Each Week

HAVE VAGUE IDEAS OF CITY.

New York, Feb. 16.—New York's winter weather is no bugaboo for negro "immigrants" from the south. During some of the coldest spells the city experienced in the last two months, a steady stream of negroes—both men and women—poured into the city and surrounding territory.

According to figures gathered by the Travelers' Aid bureau here, more than two hundred negro women and girls enter New York every week. It is estimated the number of men coming here to seek employment and higher wages amounts to three hundred a week.

Most of the negroes come here from Alabama, Tennessee, Louisiana, Mississippi and Georgia, figures show. Numerous others arrive from West Indian islands as well as from various states of the middle west.

Scores of those coming here have but the vaguest idea of how to get about the city or how to obtain employment. Representatives of negro societies and travel bureaus meet trains and boats and distribute leaflets intended to guide the strangers. In many cases, it was said, negroes are advised to return to the south when it is seen they are not fitted for industrial positions here.

GOOD SERMON
REV. GEORGE F. SHELDON

GOOD MUSIC
MR. AND MRS. GEORGE AND CHOIR.

FIRST PRESBYTERIAN CHURCH
THE DOWNTOWN CHURCH

The War Mothers will meet in the
court house Wednesday afternoon.

Mrs. W. H. Gregg will entertain
the members of the Rebekah Cro-
chet club Wednesday afternoon at
her home in West First street.

The Ladies Aid Society of the
First United Presbyterian church
will meet tomorrow afternoon at the
home of Mrs. Hal Pike in West Sev-
enth street.

Mrs. Harry Kramer will entertain
the members of the Woman's Mis-
sionary society of the First United
Presbyterian church Wednesday af-
ternoon at her home in North Har-
rison street.

The D. A. R. will hold an open
meeting Friday evening at the home
of Miss Mary Norris in North Har-
rison street. The affair will be a
Washington birthday party and each
member is invited to bring a guest.

The February social committee of
the Rebekah Lodge will hold a mas-
querade social Thursday evening at 7:30
in their hall for all members and
their families. Each one is request-
ed to go masked and take sand-
wiches.

Miss Florence Elliott will be hos-
tess for the members of the Sorosis
club tomorrow afternoon at her
home in North Harrison street. All
members are urged to be present as
this is the first meeting in several
weeks, the last meeting being pos-
tponed on account of sickness.

The Ladies Missionary Society of
the First Presbyterian church will
meet tomorrow afternoon at 2:30
o'clock at the home of Mrs. Lon
Link in North Perkins street. Miss
Minnie Beale will have charge of the
meeting and the subject for discus-
sion will be "Museum Countries." A
good attendance is desired.

Miss Cassie L. Nicholson, daugh-

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes
—Most Women Can Have

Says Dr. Edwards, a Well-Known
Ohio Physician

Dr. F. M. Edwards for 17 years treated
scores of women for liver and bowel al-
lments. During these years he gave to
his patients a prescription made of a
few well-known vegetable ingredients
mixed with olive oil, naming them
Dr. Edwards' Olive Tablets. You will
know them by their olive color.

These tablets are wonder-workers on
the liver and bowels, which cause a
normal action, carrying off the waste
and poisonous matter in one's system.

If you have a pale face, sallow look,
dull eyes, pimples, coated tongue, head-
aches, a listless, no-good feeling, all out
of sorts, inactive bowels, you take one
of Dr. Edwards' Olive Tablets nightly
for a time and note the pleasing results.

Thousands of women and men take
Dr. Edwards' Olive Tablets—the suc-
cessful substitute for calomel—now and
then just to keep them fit. 10c and 25c.

ter of Mr. and Mrs. William Nichol-
son, and Lewis W. Elman, son of
Mr. and Mrs. John C. Elman, both
of this city, were quietly married
Saturday evening at the Methodist
parsonage, by the Rev. C. S. Black.
Mr. Elman is engaged in the mo-
torcycle business with his father.
The young couple will reside in this
city.

Mrs. Claude Fletcher pleasantly
entertained the members of the In-
ter Nos club at her home west of
Manilla Thursday afternoon. After
the regular business session the af-
ternoon was spent socially. During
the social hours dainty refreshments
were served to twelve members and
three visitors. The next meeting will
be on February 26 at the home of
Mrs. Marion Fletcher.

Mr. and Mrs. Roy Miller and Mr.
and Mrs. Oscar Miller entertained
the Birthday Club Saturday evening
at the home of the latter, south of
Arlington, with an elegant two
course dinner. The dining room was
decorated with Valentine emblems
and covers were laid for Mr. and
Mrs. James Alaman of Centerville,
Mr. and Mrs. Glen Woods, Mr. and
Mrs. Royce Lee, Dr. A. G. Shanack,
Mr. and Mrs. Floyd Woods, Mrs.
Bertha Leisner, Mrs. Mary Miller,
Harlan Lee and Owen Miller.

George C. Wyatt, Jr., small son
of Mr. and Mrs. Harry Wyatt, en-
tertained thirty of his little friends
with a pretty Valentine party, Sat-
urday afternoon, at the home of his
parents, in West Eighth street. Dur-
ing the afternoon children's games
were played and at the close of the
enjoyable afternoon the children
were invited into the dining room
where delicious refreshments, con-
sisting of small valentine cakes and
ice cream, were served. The dining
room was decorated with emblems
of the day and pretty little valen-
tine favors were given each guest
after the luncheon.

Miss Katherine Canley was hos-
tess for a number of her little girl
friends Saturday afternoon, when
she entertained with a valentine
party at her home in North Morgan
street. Pink and white was the col-
or scheme used in the decorations
of the room, pink and white carna-
tions forming the centerpiece for the
dining room table where dainty re-
freshments were served at the close
of the afternoon. The guests were
Mary Cornelli, Margaret Oneal, Eli-
zabeth Tyner, Frances Fitzgerald,
Margaret Canley, Dorothy Rogers,
Louise Doll, Gladys Newman, Eli-
zabeth Trader and Janet Canley.

FAIRVIEW TAKES CARTHAGE

Fast Game Friday Night Results in
12 to 10 Score

Fairview high school basketball
team defeated Carthage on the lat-
ter's floor Friday night in one of
the most exciting games seen in Car-
thage for some time. Both teams
were evenly matched and the score
saw-sawed throughout the game with
Carthage leading at the end of the
first half 6 to 5. A foul on Carthage
evened up the score and when only
two minutes were left, the score was
tied 10 to 10. Peters, center for
Fairview, won the game when he
tossed the ball in from a tip up
near the basket. The last minute of
play the winners exerted their de-
fensive playing and won the game.

FOR SKIN TORTURES

Zemo, the Clean, Antiseptic,
Liquid, Just What You
Need. Is Not Greasy

Don't worry about eczema or other
skin troubles. You can have a clear,
healthy skin by using Zemo. Ob-
tained at any drug store for 35c, or
extra large bottle for \$1.00.

Zemo generally removes pimples,
blackheads, blotches, eczema and ring-
worm and makes the skin clear and
healthy. Zemo is a clean, penetrating,
antiseptic liquid, neither sticky nor
greasy and stains nothing. It is easily
applied and costs a mere trifle for each
application. It is always dependable.
The E. W. Rose Co., Cleveland, O.

That "Achy Chill" May be the Flu!

If your throat is sore and your tongue feels
stiff, and you ache it's time to do something for
you may be getting Flu or grippe. Don't hesi-
tate. For you may let your trouble run into a
serious illness.

LIGHTNING LAXATIVE QUININE TABLETS

Will Not Gripe or Sicken

At the first sniffle or the first touch of sore throat thousands of people
take this standard cold preventative. Some of them have been doing
it for 15 years, and many of them say they kill their colds before they
have a chance to get started.
Serious cases, of course, should have a doctor's care. But for colds,
sore throat, grippe and incipient "Flu"—Lightning Laxative Quinine
Tablets give quick relief—if you take them soon enough. Usually
they stop the trouble in 24 hours.

Your druggist or dealer will supply
you at 25 cents a package.

THE HERB MEDICINE COMPANY, SPRINGFIELD, OHIO

ONLY 3 LICENSES ISSUED

February Promises to Set Record
On Number of Marriages

It was predicted that February
was going to be an unusual month,
and if marriage licenses have any-
thing to do with it, they will go to-
ward making the month an unusual
one. With only 13 days remaining,
County Clerk Loren Martin has is-
sued but three licenses, two of them
being granted on Saturday. Those
that obtained licenses Saturday
were Lewis W. Elman of this city
and Cassie L. Nicholson, also of
this city, and Clarence C. Craven
of Moores Hill and May Nickel of
Walker township.

OWEN RODNEY ARRESTED

Owen Rodney, colored, was ar-
rested Saturday afternoon on
charges of owning an untaxed dog,
and was arraigned in Squire Stech's
court where he entered a plea of not
guilty. He told the court that he
gave the dog away seven years ago,
but the person who has the dog told
the assessor that it belonged to
Rodney. The case was set for trial
next Saturday afternoon.

REPUBLICANS ARE GRATIFIED BY ACT

Continued from Page One

that an uncommonly high degree of
party harmony is essential if we
are to do well the heavy work be-
fore us.

Senator Watson, whose course in
the senate has been approved by
Mr. Beveridge, said of the former
senator's action:

"Of course I am glad that Senator
Beveridge has determined not to be
a candidate, and to know that not-
withstanding that fact, the Republi-
can party will still have the advan-
tage of his ability as a campaigner,
operator and statesman, which is uni-
versally recognized.

"In the critical period through
which our country is now passing
there is work of transcendent im-
portance to be done by the Republi-
can party. This work can be best
performed when all forces within
the party are acting in unison. I
believe the Republican party is the
great agency for the proper solution
of the present problems of our na-
tional life. In the solution of those
problems, there is opportunity, hon-
or and glory enough for all. Be-
cause of the recognized necessity for
harmony in our party, Senator Bev-
eridge's course in refusing to enter
the primary will undoubtedly add to
his prestige among Republicans in
Indiana and elsewhere."

GIVES WIFE GLYCERINE MIXTURE

A retired merchant whose wife
suffered for years from catarrh of
the stomach finally gave her simple
glycerine, buckthorn bark, etc., as
mixed in Adler-i-ka. ONE bottle
produced great results. Because
Adler-i-ka acts on BOTH upper and
lower bowel, it removes all foul
matter which poisoned stomach. Re-
lieves ANY CASE, sour stomach or
gas on stomach. Often cures con-
stipation. Prevents appendicitis. F.
E. Wolcott, druggist. (Adv.)

NOTICE OF ADMINISTRATION

Notice is hereby given that the undersigned has been appointed by the Clerk of the Circuit Court of Rush County, State of Indiana, administrator of the estate of Nora M. Johnson, late said county, deceased.

Said estate is supposed to be solvent.

Dated 1st day of February, 1920.

Attest, Leola Martin, Clerk Rush Circuit Court.

C. W. Duncan, Attorney.

Feb-12-1920

ADMINISTRATOR'S SALE OF REAL ESTATE

Notice is hereby given that the undersigned, as Administrator with the will annexed of Andrew Moffett, late of Rush County, Indiana, deceased, will offer at private sale, on

FRIDAY, MARCH 12, 1920,

at 1:30 o'clock p. m. at the Glenwood bank in the town of Glenwood, Indiana, the following real estate in Rush County, Indiana, owned by decedent at the time of his death, to-wit:

A part of the east half of the north-east quarter of Section 32, township 14 range 11, commencing 20 feet north of the center of Center street in R. A. Durbin's addition to the town of Glenwood, Indiana, and north of the north-east corner of lot 2 in said addition, thence north 66 feet; thence west 11 feet; thence south 66 feet; thence east 11 feet to the place of beginning.

TERMS OF SALE—Said real estate will be sold for cash.

If said real estate is not sold at said time and place the sale will be continued from day to day until the same is sold.

U. GRANT HINCHMAN, Admr. with the will annexed.

Samuel L. Trabue, Attorney.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Aroine and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

Seneca

is the dentrifice that contains the properties recommended as ideal by United States Army dental surgeons

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven a day for seven days—Wonderful results.

Moved

Having moved my top factory to the Wade Sherman building in South Perkins street, we are now in position to do all kinds of top and curtain work.

Obituaries

33

Otto Chester Murphy, the son of George and Mollie V. Murphy was born October 25th, 1885, and departed this life Feb. 12th, 1920, aged, 34 years, 3 months and 17 days.

He was united in marriage to Althea Alma Stevens the 17th of February 1910; after a short period of happy married life, Althea departed this life, Sept. 15, 1912.

To this union was born one child, Helen Julia Murphy, who was born November 19th, 1910 and who with his father and mother and half sister, Mrs. Gus Boren of Fayette Co. are left to mourn his death.

He united with the Rushville Christian Church in September 1910, under the Reverend Russell.

Nearly his whole life was lived near Ging, Rush County, Ind., having died in the same room in which he was born.

His many sterling qualities of character, so strongly over shadow any faults that he may have had, that those who knew his jovial disposition, his strict fairness and honesty in all business matters, and his many acts of neighborly kindness, will remember him for these qualities alone.

May we not discuss, for a brief time, the thought that he is dead, and hold another thought, that he has passed on into another country where the problems of the soul which confront us here, and which we see "as through a glass darkly" are made clear to him in that effulgence of Light and Love which we know to be there.

"Thou canst recall, perhaps, When thou didst learn That God had made thee Like to Him and free To be thyself and gave thee hope to be.

Fit for the heights for which thy soul did yearn."

HOT PRESIDENTIAL RACE IS EXPECTED

Three Candidates in the Field to be Head of Mexico—Personalities Rule Politics

CAMPAIGNS DIFFER FROM U. S.

There are Formal Organizations But The Individual Not The Party Will be Elected

By RALPH H. TURNER
(U. S. Staff Correspondent.)

City of Mexico, Feb. 2 (By Mail)—Personality rules politics in Mexico. With the new year witnessing a definite alignment of candidates for the presidential election in July, this fact becomes more apparent than ever. Just as politics is personal, so are policies personal and the American who seeks for a division here on partisan lines, over such an issue as the tariff, or the peace treaty, seeks in vain.

Mexican votes, when they go to the polls to select President Carranza's successor, will make their choice from among the following men, according to the situation today.

General Alvaro Obregon, General Pablo Gonzales and Ignacio Bonillas—two outstanding military figures and a civilian, the latter a graduate of an American college.

Bonillas, Mexico's present ambassador to Washington, is expected to return home any day to formally launch his campaign. The other two candidates have had their boom under way, in a heated fashion, for several weeks. They have opened campaign headquarters in Mexico City, have started newspaper organs, conducted speaking tours, staged celebrations and entertainments—even carried their propaganda to the American institution of the lapel button on the "Jones for President" order.

Mexico is in the midst of a presidential year and Mexico, you may be sure, is aware of the fact. For fervency of campaigning, the United States has little to show the Republic on the South.

But there's a radical difference in the Anglo-Saxon and Latin methods of conducting political campaigns—herein lies the distinction between party politics and personal politics. Scarcely any analogy can be drawn between the platforms which are now being aired in the "States" and the claims of the men who would be First Chief of Mexico. There are, it is true, formal organizations which are backing the Mexican candidates but it is the individual, not the party, who will be elected or defeated.

At first glance, the neutral observer is apt to come to the conclusion that the Mexican bases his right to election on an attitude which might be summarized in the words, "I'm the best man; therefore I should be elected". Closer study, however, reveals a declaration of principles, generally put forward in the form of a manifesto.

Bonillas has yet to give the people his full declaration. It is generally understood, however, that he will lay emphasis on his civilian character, capitalizing the assertion of his sympathizers that Mexico is tired of military men that the revolution is past and that the "man on horseback", should give way to a civilian administrator. The supporters of Bonillas declare, also, that his knowledge of the American people and the fact that he is a graduate of the Massachusetts Institute of Technology, should augur well for a solution of Mexico's difficulties with the United States.

Of more interest, however, is the contest between the two army men, Obregon and Gonzalez. A keen military rivalry exists between the two candidates and they both have good military records.

Obregon, operating in the north, is credited with the defeat of Villa in behalf of Carranza's constitutional government. Gonzalez, southern commander under Carranza, gained prominence through his destruction of the Zapata forces and the pacification of the state of Morelos.

Obregon tells the people he is leader of the Liberal Party. He has endorsed the revolutionary constitution of 1917 and to-day advocates a number of principles which are considered liberal in tendency. The president of Mexico, he believes, should have less power and more responsibility. He would add new grounds for the president's removal from office. He believes, too, that the army should be reduced and favors "absolute separation of the military command from the administrative power". An increase in Mexico's naval strength is another of Obregon's plans.

Prominent Indiana Women Testify

Lafayette, Ind.—"Dr. Pierce's Favorite Prescription is truly a 'boon' for women. Last summer I just felt 'down and out,' was terribly pained at times and had very little energy to do my housework. My husband was quite concerned about me and one day brought me a bottle of 'Favorite Prescription.' It is the finest medicine and tonic I have ever known. I would advise other women who suffer as I did to at least give it a trial."
—MRS. MYRTLE DILDEN, 1117 N. 6th St.

Women When Dragged Down and Worn-out
Lafayette, Ind.—"When approaching middle life I suffered severely but one bottle of Dr. Pierce's Favorite Prescription completely removed my pains and the critical time passed so easily that I was scarcely conscious of it. It is over fifteen years since I took that one bottle of 'Favorite Prescription' and I have never had the least sign of weakness since. I think it the most wonderful medicine for women and would advise its use by all women at the critical time of life."
—MRS. S. J. BAKER, 916 Scott St.

Kokomo, Ind.—"Some time ago I felt 'draggy' and worn-out and greatly in need of a tonic when a friend suggested to me to try Dr. Pierce's Favorite Prescription. I had taken other tonics but I never took anything that helped me so quickly as the 'Favorite Prescription.' It was not an unpleasant medicine to take and my whole system seemed to be benefited. I have also used the 'Lotion Tablets' and found them to give just as perfect satisfaction."
—MRS. F. LA FOLLETTE, 210 W. Elm St.

Doctor Pierce's Favorite Prescription is prepared from nature's roots and herbs and does not contain a particle of alcohol or any narcotic. It's not a secret prescription for its ingredients are printed on the wrapper. Weak women should try it now. Don't wait! Today is the day to begin.
